ABOUT ME

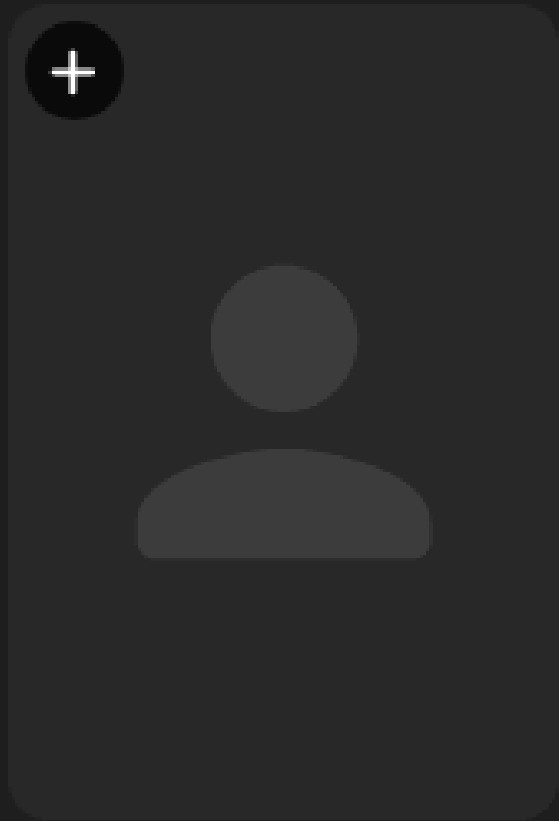

I am an actor with a deep passion for storytelling and performance. I have been watching movies since childhood, and I was always curious about the characters — how they think, feel, and live. I wanted to experience those emotions myself, not just watch them on screen.

That curiosity led me to choose the path of acting, and it soon became very personal to me. Over the past five years, I have been actively involved in filmmaking, working in short films, music videos, and feature films. I enjoy exploring different characters and bringing honesty, emotion, and depth to every role I play.
